10" x 3" Flat Free Ever-roll Wheel Swivel Caster with Brake

SKU: CAS-WHE-10

Flat-free Ever-Roll wheels are made from closed cell microcellular polyurethane foam and offer the same advantages of an air tire but will never go flat. Enhance the movability of your offset smoker with these heavy-duty casters designed to be placed on the front legs of the pit. The wide tread face also makes these wheels popular for use on grass, dirt, and sand. Designed to support the weight of the smoker without constraining, your pit will become much more mobile around the backyard or at BBQ events.

TOPS Hi-Temp 12 oz. Aerosol Spray Satin Black Smoker Paint

SKU: HI-TEM SAT PAI 12 OZ.

This is a high temperature silicone-based paint. Anyone who purchases a pit or smoker product should own a can of this paint so that nicks and scratches can be addressed right away.

TOPS Hi-Temp 1 Gallon Satin Black Smoker Paint

SKU: HI-TEM SAT PAI 1 GAL

Thurmalox 270 series coatings are high temperature and are the best in the industry, and all Texas Original BBQ Pits and Smokers come from the shop with 3 coats of this paint. Hi-temp 1 gallon, rated at 1200-degree heat-resistant paint in black. Thurmalox 270 series coatings provide outstanding adhesion, film integrity, color stability and thermal shock resistance throughout this entire temperature range.

Brass Drain Ball Valve

SKU: STE-DRA-VAL

The 1.5" brass drain valve has a quarter-turn stainless steel ball in the valve. Use of this valve keeps you from getting grease and water on you when you open up the drain pipe on your bbq pit during clean-up. It is hard to move fast enough to beat gravity.
