

Ranger Grill 16

Tailgater Grill with Removable Stand

The Ranger 16 is designed for the serious griller on the move. With the Ranger Grill, you can quickly convert from regular backyard usage into the ultimate tailgating or camping cook station. To transport, simply remove the grill from its included base stand and mount to the optimal automotive bracket. The automotive bracket allows you to mount your Ranger Grill to a standard receiver / Reese style hitch commonly found on trucks, SUV's and RV's. Show your friends and fellow sports fans you are passionate about BBQ when you roll up with your very own Ranger 16 Grill. The Ranger 16 provides 558 square inches of grilling surface.
