16" Firebox Charcoal Basket

SKU: CHA BAS 16

The Firebox Charcoal Basket for your offset pit will allow you to burn charcoal for up to 8 hours in your offset smoker with minimal effort. To use the basket, simply drop it into the bottom of your firebox with the wood grate removed, fill it with unlit charcoal, add lit charcoal to the damper end of the firebox, and adjust your dampers so that your pit is cooking at the desired temperature.

- Charcoal basket fit is 10" x 10" x 10" for your 16" firebox.

20" Firebox Charcoal Basket

SKU: CHA BAS 20

The Firebox Charcoal Basket for your offset pit will allow you to burn charcoal for up to 8 hours in your offset smoker with minimal effort. To use the basket, simply drop it into the bottom of your firebox with the wood grate removed, fill it with unlit charcoal, add lit charcoal to the damper end of the firebox, and adjust your dampers so that your pit is cooking at the desired temperature.

- Charcoal basket fit is 13" x 12" x 10" for your 20" firebox.

20" XL Firebox Charcoal Basket

SKU: CHA BAS 20 XL

The Firebox Charcoal Basket for your offset pit will allow you to burn charcoal for up to 8 hours in your offset smoker with minimal effort. To use the basket, simply drop it into the bottom of your firebox with the wood grate removed, fill it with unlit charcoal, add lit charcoal to the damper end of the firebox, and adjust your dampers so that your pit is cooking at the desired temperature.
